Previous Academic Year		2018/ 2019		
i. Quality of teaching for all				
Desired outcome	Chosen action/approach	Estimated impact: Did you meet the success criteria?	Lessons learned (and whether you will continue with this approach)	Cost
To enrich the experiences of children eligible for the Pupil Premium Grant.	Pay for clubs, trips and residential for children who otherwise would be able to attend.	Yes. All children eligible for Pupil Premium attended all trips on offer to them. Children were able to attend paid clubs, such as karate, which would otherwise not have been accessible for them.	We will continue with this approach. Next year we need to ensure parents know that we can support music lessons as well as sports clubs.	£1000
To identify and support social and emotional needs.	Boxall Profile annual subscription.	Yes. All teachers have access to the Boxall Profile online service and have used it to assess the needs of children in their class. This allows us to tailor support for these children's needs.	We will continue to subscribe to the Boxall Profile next year. Book in some time for staff training on this at the start of the year.	£150
To support children's reading and spelling development.	Use of the Nessy programme (23 licences).	Yes, where it was used. The programme was not used consistently in all classes.	We will continue to use the programme as it is incredibly effective in supporting the development of reading and spelling. It was used consistently in KS1 and this is where it had the most impact. We will not continue to use the programme in KS2.	£410
				Total £1560
