

## Geography Layer 1: Whole-school Overview

	Autumn	Spring	Summer
EYFS	In the Early Years children study 'Understanding of the World' which offers foundational knowledge and skills for the Key Stage 1 Geography Curriculum. This includes: looking at and discussing the weather, the four seasons of the year; learning about our local area (my home, my school, my village, my town); learning about The World (what is in it, what is alive, what has changed); beginning to learn about maps (my local area and The World)		
Year 1	<b>Our local area: Hanney</b> Where do we live? (Block 1)	<b>The United Kingdom</b> Where do we live? (Block 2)	<b>Hot and Cold locations</b> Why don't meerkats live in the North Pole?
Year 2	<b>Villages, Towns and Cities</b> Where would you choose to live?	<b>Our wonderful world</b> Where in the world would you go on an adventure?	<b>Comparison of a non-European Country</b> What is it like to live in Bengal?
Year 3	<b>Our European neighbours</b> How is life different in France?	<b>Mapskills</b> How can we use maps to develop our knowledge of Hanney?	<b>Rainforests, including South America</b> Is it too late to save the Rainforest?
Year 4	<b>Characteristics of the UK</b> Where would you build a city?	<b>Extreme Earth</b> What are natural disasters and how do they affect our lives?	<b>Around the World</b> Does music sound the same throughout the world?
Year 5	<b>Rivers and Coasts</b> Is the world running out of fresh water?	<b>Mountains around the World</b> Are all mountains the same?	<b>Resources, Trade and Economics</b> Should we pay more for Fair trade?
Year 6	<b>The Americas</b> What would you find if you visited North America?	<b>Europe: A study of an Alpine Region</b> What is life like in the Alps?	<b>Sustainability and Climate Change</b> How is climate change affecting the world? <b>2023- Lesson 1 and 2 of Y5 Trade unit</b>
